

International Mission Seminar Recommendations for Missions Fest Tenth Global

Patrick Elaschuk – Pastor of International Missions

Film Festival: “Iraq: A Forgotten Hope” Friday 9:00–10:15 PM Ballroom A

The Middle East is an ancient land with a complicated narrative. Today in Northern Iraq, the story seems muddier than ever. A modern evil has brought devastation and genocide, pushing some of Iraq’s oldest people groups to the verge of extinction. In an effort to make sense of the story, Mark meets with ethnic minorities, ISIS survivors, and political and religious leaders. He also speaks to reformers who stand with the marginalized at the risk of their own lives:
